Peace of Mind for the Road Ahead

# Customer Information

**PURCHASING AN EXTENDED WARRANTY FOR YOUR VEHICLE IS ALMOST AS IMPORTANT AS PURCHASING THE CAR ITSELF**

### Why Buy An Extended Warranty?

Your vehicle has been prepared to the highest possible standard by your A1 Approved dealer and they are confident that it comes to you free of issues but unfortunately motor vehicles sometimes breakdown and when they do it can be very costly.

### What Are The Risks?

As cars get older, components are more likely to fail and it will not be just the cost of replacing a part, there will be the labour charge of fitting it as well - it all adds up. The option of choosing an extended warranty can reduce the financial impact of unexpected repair bills.
